DeVry  
University

YOUNG  
WOMEN  
IN SCIENCE &  
TECHNOLOGY

TO: Exhibitor

FROM: Theresa Baiocco  
Associate Director of Student and Career Services

SUBJECT: **YOUNG WOMEN IN SCIENCE & TECHNOLOGY**

DATE: August/September 2008

Consistent with the ongoing statewide emphasis on attracting individuals into nontraditional careers, a program has been developed to complement these efforts. We are excited to present the 5<sup>th</sup> Annual Young Women in Science and Technology retreat presented by DeVry University and their dedicated sponsors. This event is designed to inform and excite young women about nontraditional careers relating to science and technology.

We are looking for business partners for this event and hope you can help us out. The retreat will be held on **Friday, October 3, 2008** at the Colorado Convention Center in downtown Denver. The event was a great success last year with over 500 attendees and we hope to grow participation this year to 700 female high school students across the state of Colorado.

I would like to invite you to be an exhibitor and supporter of Young Women in Science and Technology 2008. The key to our program will be sustainability. It is our intention that Young Women in Science and Technology continues to be presented annually to the benefit of young women in Colorado. You, as an exhibitor and supporter, will have the opportunity for long-term affiliation with this important event.

We are asking the exhibitors to make an “in-kind” donation of items/merchandise valued at \$100, to be used in our door prize drawings for the students and educators.

We hope you are able to join us as we inspire young women in Colorado to ready themselves for the workforce. If you have any questions along the way, please don't hesitate to contact me by phone at (303) 280-7565 or by email at [tbaiocco@devry.edu](mailto:tbaiocco@devry.edu). For more information on this year's YWIST event, go to <http://www.wes.devry.edu/ywist.html>. We look forward to your participation this year!
